Subject: EPA's comments on Newtown Creek Draft RI and models (Geo-Neutral PS, Hydrodynamic and Sed Tran)
[Newtown Creek RI Modeling Comments App F 09-May-2017.pdf](#)
[Newtown Creek RI Modeling Comments App G 09-May-2017.pdf](#)
[RI Report EPA Comments 5 9 17.pdf](#)

Jim:

EPA's comments on the Draft Remedial Investigation (RI) Report dated November 2016 and prepared by Anchor QEA including associated draft models (Geo-Neutral Point Source, Hydrodynamic, and Sediment Transport models) are attached. Comments on the RI Report and models are provided in separate files. The attached comments incorporate comments from NYSDEC, USFWS, NOAA, and the USACE. EPA is in the process of reviewing NYCDEP's comments on the RI Report and associated models. EPA will separately provide to Anchor QEA, in early June 2017, those NYCDEP comments that have been incorporated into the EPA comments. EPA is providing comments in advance of the incorporated NYCDEP comments so that Anchor QEA may initiate its review and response of those comments which are attached.

Please call if you have any questions
